

Virtual Instruction and Learning Guidelines – June 17, 2020

Q & A

When is Part II of the School Improvement Series registration available?

Maureen sent out the registration for Part II of *Adapting to a New Reality* in last week's InfoPac. Our focus in Part II will be on engaging in a curriculum/learning gap analysis that includes decisions on what to cut, what to consolidate, and what to create to meet the academic needs of all students in fall. Three session options will be available on July 21 – 23, 2020.
