Goal of Addressing Catholic Social Responsibility in Catholic Schools

confrontation incompatibility apprehension distrust Economic. Stress Racism contention stress that the stress of t

Increase the capacity of our students to function as effective communicators, compassionate problem solvers, and moral decision makers by teaching them how to live faith in action using the tools of scripture, doctrine, prayer, and sacrament.

Reduce negative impact on our students by teaching them to view cultural, racial, economic, and political tensions through the lens of scripture, doctrine, prayer, and sacrament.
